DON'S DELIVERIES NEWS

Welcome to our second edition of **ON-TRACK**, our quarterly newsletter. Its purpose is to track and share critical legal and technological developments in our world of logistics.

Our team at Don's Deliveries continuously strive to take steps to improve our fleet, our capabilities and our systems, resulting in an efficient and cost-effective service. This is why our single-minded purpose keeps our customers #1.

Our drivers are highly skilled and competent and are fully aware of the importance of customer service. Our diverse fleet of various trucks and trailers allows us to transport and manage a vast variety of freight.

We would like to take this opportunity to say thank you for trusting your goods in our hands. It is our purpose to get your goods from point A to B, safely and on time. Should you require more information regarding our services, routes or the most efficient and cost-effective quotes please consider visiting our website:

THE JOURNEY #1
FICKSBURG BRANCH

Part of the Don's Deliveries ongoing journey was the opening of our Ficksburg branch in the Free State. One of our valued customers sent us this breathtaking photo while exploring Roma Lesotho.

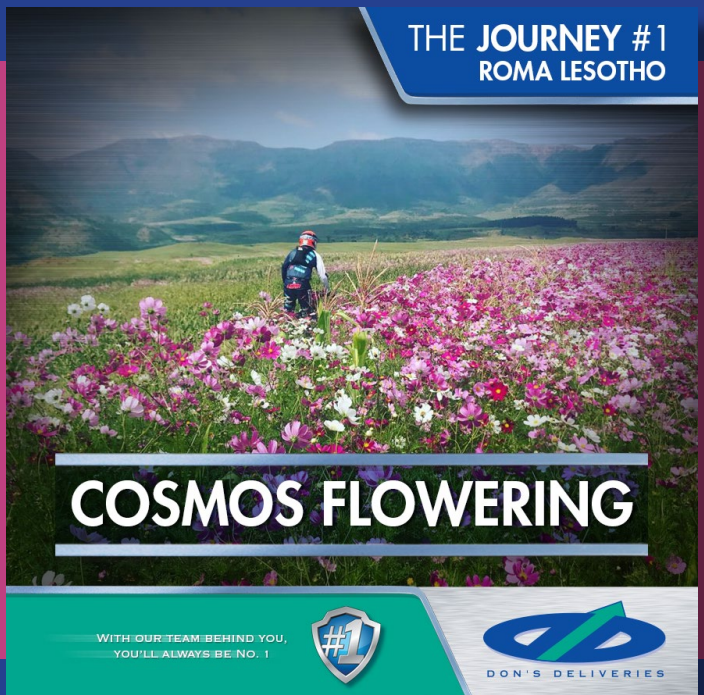

Ficksburg is a town founded in 1883 and situated in the scenic panorama of the Eastern Free State, along the Highlands Route, Ficksburg nestles between the foot of the Imperani Mountain and the banks of the Caledon River, the border with Lesotho.

Magnificent views of the majestic Maluti Mountains form a backdrop which changes with the seasons, from the purple haze of summer to the snow-clad slopes of winter.

We at Don's Deliveries have been on a 27 year journey that never ceases to amaze us. This photo sent in by one of our valued customers during a bike ride, really showcases the beauty of Roma, Lesotho. Our Free State branch gets to witness this natural wonder of a stunning Cosmos flower display right on their doorstep.

Roma is a settlement under the Manonyane Community Council in the Maseru District of Lesotho, some 34 kilometres southeast of Maseru, the capital of Lesotho. The Roma valley is broad and fertile, and is surrounded by sandstone cliffs topped to the East by basalt mountains which provide magnificent scenery.

24 YEARS SERVICE

Shadrack Lubanyana:

"I start work for Donovan from 1995. We use to wake up early morning around 2am in the morning get all good ready load in the van. That time we had only one van. We was using the small garage to as storeroom. We use to do Matatielle deliveries and local sometimes. As the years goes we moved to Seaview, Donovan bought 4 ton truck Isuzu, next he bought 5 ton truck. I was working as Donovan assistant first, after I learn to service the trucks myself. Later he teach me to drive the truck then he gave me money to do license. I failed but he never give up on me, next time I pass my license. As the time goes he start buying 8 tons.

We use to load the heavy goods using piece of planks to load because we didn't have Hyster or forklift. Wasn't easy, only we trust and be honesty to each other. After that he start to hired more people. We start the other branches as East London, Port Elizabeth, Lesotho, JHB, and now is like a dream if you look back where we coming from. But to be honest my boss is a very good big minded person honest. 1995 we moved to Westmead he got his own property. We are a big company now and believe he's very happy as I am. 2016 he bought me a van to say thank you. I am very happy for him he got family now and I thanks his mother and father for their support."

At Don's Deliveries we are passionate about animals and had a great opportunity to provide the the AAACL – The Animal Anti-Cruelty organization a Christmas donation as part of our yearly charity projects.

Dear Tracey

What wonderful Christmas presents our animals received from your kindness this week, even down to Peacock food.

The Animal Anti-Cruelty thanks you most sincerely for the extremely generous donations, and for thinking of us at this time.

We cannot express what a blessing these donations are to the League.

In these difficult financial times, every contribution towards the dire need for the care and comfort of the animals of KZN is greatly appreciated, and on behalf of every needy creature that we are able to reach out to and assist, we extend a very warm and special thank you.

Thank you again for being a part of what we are doing, and the positive difference that we are able to continue to make in the lives of our voiceless friends.

With immense gratitude
